

## Baby K'tan Baby Carrier Sizing Information

### [What is a Baby K'tan?](#) ~ [Instructions](#) ~ [About the Company](#)

Use the below sizing chart to determine your Baby K'tan sizing. The Baby K'tan Baby Carrier is sized to fit the adult who will be carrying the child. Age or weight of child is not a factor in sizing.

#### SIZING CHART

Carrier Size	XS	S	M	L	XL
Women Dress Size	0-4	6-8	10-12	14-16	18-22
Men Suit Jacket Size	NA	Up to 38	39-42	43-46	47-50

If you are 5'2" or under: Choose Smaller Size

Carrier size generally corresponds to your fitted (tight) t-shirt size.

The Baby K'tan is meant to fit snugly to allow for stretching. If the carrier feels a bit snug the first time you put it on, this does not necessarily mean it is too small.

**SIZING TIPS** Each person is shaped differently, and like clothing, some people may fit into more than one size or fall in-between sizes on the above sizing chart. The following additional sizing tips should be used as a guide to assist you in ordering the optimal size.

- If you fall in-between sizes or are unsure of sizing, **CHOOSE SMALLER SIZE.**
- If you are petite - 5'2" or under - **CHOOSE SMALLER SIZE.**
- If you are pregnant, use pre-pregnancy size to determine appropriate carrier size.
- Only go up in size selection if you are 6 feet or taller.
- When trying on the Baby K'tan Baby Carrier (without your child inside), the lowest point of the carrier should fall just below your chest and above your navel. When wearing your child in the carrier, the lowest point of the carrier may fall at your navel or waist, but should not fall below your hips.
- When carrying your child in the Baby K'tan Baby Carrier: if the lowest point of the carrier falls at or below your hips, choose a smaller size; if the lowest point of the carrier falls at your chest, choose a larger size.
- When carrying your child in the Baby K'tan Baby Carrier, if the carrier feels too loose (i.e., child feels insecure, legs are bumping child's body as you walk, or carrier easily slips off your shoulder), choose a smaller size.
- The size of the Baby K'tan Baby Carrier is not based upon your child's age or weight. The cross-stretch of the cotton knit fabric and the different carrying positions enables the carrier to grow with your child. Accordingly, you should not require a larger size as your child grows and develops from a baby to a toddler (up to 35 lbs).

The Baby K'tan Baby Carrier is made entirely of **100% natural cotton knit fabric**. The Carrier should fit snugly and securely on you and your child. **For optimal fit, wash and tumble dry** - this enables the carrier to conform more snugly to your body. If you are new to baby wearing, you may think the Carrier is too small; however, a snug fit is optimal for securely carrying your child and for good back support. The cotton knit fabric enables the Baby K'tan Baby Carrier to stretch slightly to conform to you and your child.

It is important to us at Baby K'tan, LLC that you obtain a Baby K'tan, Baby Carrier with the optimal fit, so that you and your baby are comfortable and secure. Therefore, if the carrier you purchased does not fit correctly, you may exchange it for the proper size in accordance with our [exchange policy](#).

If you require any assistance in choosing the proper size, a Baby K'tan customer care professional would be happy to assist you over the phone or by email. Please call us toll free at (866) YES KTAN (866-937-5826) or by email to [info@babyktan.com](mailto:info@babyktan.com)
